i) _____

ii) _____

b) Give **one** reason why it is important to construct a shed for sheep.

_____

c) Mention the activity a shepherd should do to ease mating in ewes.

_____

48. a) State the property of magnets that enables one to;

i) find direction using a compass _____

_____

ii) separate iron filings from sugar _____

_____

b) Why does a razor blade get attracted to a magnet yet a handkerchief does not?

_____

c) Apart from breaking into pieces, how else is strong hammering dangerous to a bar magnet?

_____

49. a) State the use of sugar in ORS.

_____

b) Apart from sodium, name the other mineral salt lost during dehydration.

_____

c) Why should a dehydrated person be given a lot of soft drinks?

_____

_____

d) State the recommended number of spoonfuls of sugar applied in one litre of locally made ORS.

_____

50. a) Mention **two** local activities that involve the distillation process at home.

i) _____

ii) _____

b) State any **one** cause of silting in water sources.

_____

c) Give any **one** way silting affects water bodies.

_____

51. a) Give the importance of the following activities as carried out in a banana garden:

i) propping _____

ii) weeding _____

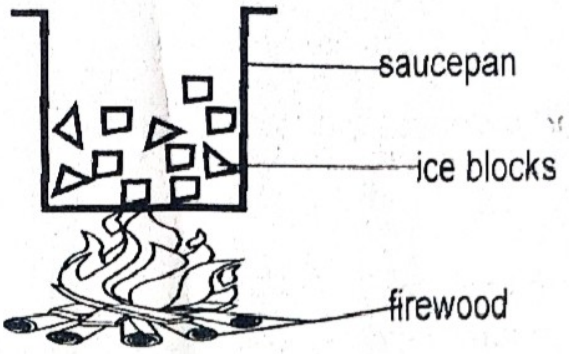

b) Give **one** advantage of proper spacing of crops in the banana garden.

_____

c) What practice is done by farmers to banana suckers to reduce the rate of transpiration after planting?

_____

52. **A P.5 child of a certain school put ice blocks in a saucepan and heated them for about 5 minutes as shown in the diagram below.** *Study and use it to answer the questions that follow.*

a) What did the child see at the bottom of the saucepan after 5 minutes?

_____

b) What had happened to the ice?

_____

c) State the type of change which took place inside the saucepan.

_____

d) Why is the firewood spaced in that way?

_____

53. a) Name **one** living component of the soil.

_____

b) Which method of soil formation involves breaking down of rocks?

_____

c) How does soil erosion result into soil exhaustion?

_____

d) Give any **one** way of controlling soil erosion in hilly areas.

_____

54. a) Name any **two** examples of crops that store their food in leaves.

i) _____

ii) _____

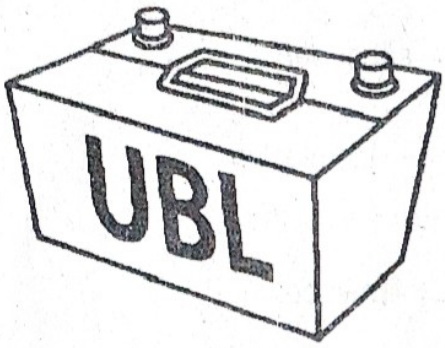

b) Which part of the leaf transports water and mineral salts to other parts?

_____

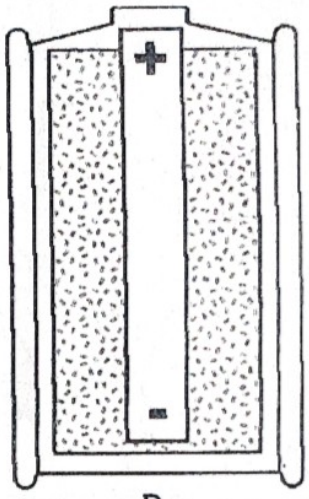

c) How does the size of the leaf affect the rate of transpiration?

_____

55. **The diagrams below show two electric cells.** *Study and use them to answer the questions follow.*

C

D

a) Name the type of electric cell shown in the diagram named with letter:

i) **C** _____

ii) **D** _____

b) Which type of electricity is got from the electric cells shown in the diagrams above?

_____

c) State one advantage of using electric cell **C** over electric cell **D**.

50. Anderson is not making a telephone call.Anderson is not sending an SMS.
(Rewrite as one sentence using:-------neither-------nor-----*)*

_____

_____

SECTION B: 50 MARKS

51. **Read the passage below and then answer, in full sentences, the questions that follow.**

Kiyunga Junior School is one of the renowned schools in Luuka District. It is known for inculcating good morals in pupils. This school holds disciplinary sessions with the pupils fortnightly.

The teacher in charge of discipline, Mr. Kabbejja Mike, addresses pupils. During his address, everyone is always attentive because he punishes every child that murmurs during his talk.

Last Thursday, one of the notorious boys, Mafe Junior, suddenly stood up during the session and asked Mr.Kabbejja, "Why do you put us on tension every time you talk to us?" Every one was in shock. The boy went ahead to advise all the pupils never to respect the teacher. This puzzled the head teacher, Mr. Kawoya Jimmy. He asked the disciplinary master to end the session immediately.

Thereafter, Mr. Kawoya called for a staff meeting to discuss the behaviour of the notorious boy. In the meeting, the teachers agreed to expel Mafe. The following day, an assembly was held. The head teacher told the pupils that the assembly was called to expel the badly behaved boy, Mafe. When Mafe learnt of the expulsion, he fainted. He knew his time in school had ceased. The head teacher warned all children against bad behaviour and he assured them that whoever was ill mannered would be expelled.

A few hours later, the boy's parents were called to pick him. The parents were disappointed in their son. They swore never to waste their money on him. The boy was taken home. However, after staying home for close to three months, the boy realised his mistake. He apologised to his parents. He also wrote a letter to the head teacher apologising for the misconduct. In the letter, he also requested the head teacher to allow him go back to school. The head teacher accepted the boy's apology and he allowed him back to school. As we talk, the boy is back to school and is now one of the most disciplined children in the school.

Questions:

a) Which school is talked about in the passage?

_____

b) How often does the school hold disciplinary sessions?

_____

_____

c) What happens to the children who murmur during Mr.Kabejja's address?

_____

54. **Read the dialogue below and then answer, in full sentences, the questions that follow.**

Obed :Hello Maurice. Congratulations on ending the term well.

Maurice :Thank you, Obed. Congratulations to you, too.

Obed :Thank you. Where are you going to spend the holidays?

Maurice :I am going to visit my grandfather up-country.

Obed :Where exactly is that?

Maurice :He lives in Mpondwe sub-county.

Obed :That is great. How long had you taken without going there?

Maurice :It's been three years. In fact, I am going to celebrate my tenth birthday from there.

Obed : Wow! That sounds nice. I am likely not to travel to the village this holiday.

Maurice : Why is it so?

Obed : All the activities on my holiday plan will take place in urban areas.

Maurice : Okay. Are you going to visit places within the urban areas?

Obed : Oh, yes. I shall visit the museum, children's parks and the zoo. Besides, I shall help my parents with domestic chores.

Maurice : Alright. It seems we shall both enjoy this holiday.

Obed :It sounds so.

Questions

a) What did Obed congratulate Maurice on?

b) Who will Maurice visit?
